SUPPLIERS OF MEAT

FROM IOWA

Iowa ranks first in PORK slaughter with 5.7 billion pounds, liveweight, being processed in 1971. This is about 4 times the output of the second-ranking state.

Iowa ranks second in BEEF slaughter with a 1971 output of 4.5 billion pounds, liveweight basis. This is close to the 4.7 billion pound output of the top-ranking state, Nebraska, and well above the 3.1 billion pounds produced by the third-ranking state.

Livestock production is a major industry in Iowa. Year-after-year, at least 70 percent of Iowa farm income is derived from the sale of livestock.

Iowa's livestock producers and meat processors can help you build a quality reputation for meats worth the money, whether top-of-the-line or budget-priced. The corn-fed flavor can't be beat anywhere.

Even though nearly 20 percent of the entire U.S. supply of red meat comes from Iowa, there is not enough to go around. Are you getting your share?

revision, 8/28/75 copy 1

SUPPLIERS OF MEAT FROM IOWA

AMERICAN BEEF PACKERS, INC.

Boxed sub-primal beef cuts, beef sausage, pork sausage, portion controlled and cooked choice beef products

Contact:
